ADMISSION.

1. Each Exhibitor will be given a ticket, *not transferable*, entitling him to enter at all times, at the exhibitors' gate only. Passes or tickets for persons employed by them may be obtained by exhibitors on application to the department superintendents. Life members of the Society, on application to the secretary, will receive badges entitling them to admission at any time during the exhibition.

EXHIBITORS.

2. The books of entry will be closed September 6th. This regulation applies to articles entered for "exhibition only," as well as to those put in competition for premiums, and to all the classes except Classes VI., and VIII. Flowers and Fruit, in which entries may be made up to 10 o'clock, A. M. on Tuesday, October 5th.

3. If any person, through ignorance of the regulations, shall bring things to the Fair for exhibition without having entered

*Also Trustees of Massachusetts Society for Promoting Agriculture.

them at the proper time, the same may, in the discretion of the Executive Officers in charge of the several departments, be allowed to be brought upon the grounds, and so placed that they may be examined by the public, but shall not be classified, nor shall any official examination of them be made or any premiums be awarded.

4. The Membership Fee ($1) must be remitted with the entries, and each joint owner or member of a partnership must become a member. Incorporated companies pay one dollar.

5. Entries must be made by letter addressed to the Secretary of the Bay State Agricultural Society, Worcester, Mass., on or before September 6th, except in Classes VI. and VIII., as above stated.

6. Copies of this premium list and blank forms for entries will be furnished on application to the Secretary at Worcester, Mass. Letters should be addressed to the *Bay State Agricultural Society, Worcester, Mass.*

7. Exhibitors must make themselves acquainted with the premium list, regulations and requirements, and be sure in what classes and divisions their entries properly belong.

8. No animal or article may be removed from the show grounds until the close of the Fair. Transgression of this rule will incur forfeiture of any premiums awarded.

9. Exhibitors will not be allowed to sell goods during the Fair without special permission (though they may receive and book orders), nor will they be permitted to call attention to their wares in any noisy or disorderly manner; and only such signs and placards may be put up as the officers shall approve and allow.

10. All exhibitors must (except in the case of live stock) state at the time of entry, the space required by them, in order that proper quantity of space may be reserved. The Society reserves the right to refuse any entries offered, particularly such as require an unreasonable amount of room.

11. Exhibitors having business cards, are requested to send them with their entries; also to give full particulars as to the objects entered.

12. Exhibitors of Machinery and Implements must state, at the time of entry, the retail price of each article. Duplicates are not to be entered.

13. The Society will take every precaution for the safe keeping of articles and goods of exhibitors, but assumes no responsibility in case of loss or damage; and upon this condition entries are received.

14. Goods and stock must be delivered upon the grounds and put in place by the exhibitors, and removed by them at the close of the Fair.

15. Exhibitors wishing to erect separate buildings, and exhibitors requiring additional work in buildings or elsewhere, must apply to the Secretary. In all such cases, the exhibitors must bear the expense.

16. Exhibitors can ascertain from the superintendents of the several departments when the Judges may be expected to examine their animals or articles. No complaint or appeal based upon the statement that the Judges have overlooked animals or articles, will be considered by the Executive Committee.

17. All protests must be in writing, must state plainly the cause of complaint or appeal, and must be delivered to the President within six hours after the cause of protest,

18. All entries in competition for prizes must be made in the name of the owners, or the names of the joint owners, if of animals. In classes VI., VIII. and IX. all articles must be the product of the exhibitor. The penalty for transgression of this rule will be exclusion from the present and all future exhibitions of the Society.

19. Premiums will not be awarded to animals or articles not worthy. If there be but one exhibitor in any division or sub-division of a class, only one premium will be awarded—the first or a lower premium, as the Judges may think deserved.

20. Implements and machines exhibited, must be labeled with the name of the exhibitor, name of the machine, its use and the retail price; and they are required to be the same in construction and finish as those sold to the farmer,—not specimens got up for exhibition.

21. The Society reserves the right to withhold the premiums awarded in every case in which it shall appear to the Executive Committee that the regulations have not been complied with, or that fraud or deception has been practiced or attempted.

22. No person having entered anything for competition may afterwards withdraw it; nor may any one refuse any premium awarded, and prize cards and ribands must be displayed during the Fair. Any infraction of these rules will incur the forfeiture of all premiums awarded to the exhibitor and such further penalty as the Executive Committee may order.

LIVE STOCK.

23. Stalls or pens will be provided upon the grounds, and hay, bedding and water will be furnished for cattle, horses and sheep, without charge, and also grain for swine and poultry, from the Monday preceding the opening until the close of the Fair, so that the stock may be taken to the grounds immediately on arrival. Grain for cattle, horses and sheep will be for sale upon the grounds at reasonable prices.

24. The ages of all animals must be given, and satisfactory evidence furnished if required. All ages will be computed to the first of October to determine in what division the animals shall be entered.

25. Pedigrees of all animals entered as thoroughbred, and statements of the breeding of animals entered as grades, must be filed with the entry and certified. Blank forms will be furnished on application.

26. No animal may compete in more than one class or division, except that cattle may compete as individuals and for the Herd sweepstakes and special prizes, and horses, sheep and swine in their proper classes and for the special prizes to which they may be eligible. All animals will be shown in the ring, and exhibitors must be ready to bring them out when called for.

JUDGES.

27. The Judges are requested to report and have their names entered at the Business office as soon as they arrive; and also to report at the office of the superintendent of the department in which they are to act. They will then be furnished with their badges and informed when their committee will be called and where.

28. Judges are also requested to inform the member of the Executive Committee in charge of the department in which they are to act, of their presence, and will apply to him in all cases of doubt or difficulty; and said member of the Executive Committee will appoint the time for judging, and fill vacancies in the Committees of Judges, and the Judges' reports will be handed in to him.

29. It is desired that the Judges of each Committee go together to hand in their report, instead of sending it by one of their number, in order that cases of error or doubt may be more promptly and easily made right.

30. Judges will in no case award a premium where there is no merit; and in case there is but one exhibitor in a division of a class, they will award only one premium in that division—the highest, or a second or third premium, as may be proper.

31. Judges will please hand in their list of awards, to the Executive Officer of the department, as soon as possible, and make their more extended reports afterwards. They are requested to report fully upon all objects of interest and value, and to make such recommendations as circumstances or their experience may suggest; but they must not award any extra premiums.

Class VIII.—FRUITS AND FLOWERS.

Superintendent—JOHN B. MOORE, Concord.

No. 29. Plants and Flowers.

☞ All articles for competition and exhibition must be ready for examination by the Committees at 10 A. M. on Tuesday, October 5. The exhibition will be open to the public at 3 P. M. on Tuesday, and will close at 10 P. M. on Friday.

GENERAL RULES AND REGULATIONS FOR FRUITS AND FLOWERS.

1. All Fruits and Flowers offered for Prizes, must have their names annexed, and must have been grown by the competitors. Specimens offered for exhibition by others than the growers, must in all cases have the names of the growers affixed, if known.

2. Where a certain number or quantity of Plants, Flowers, and Fruits is designated in the Schedule, there must be neither more nor less than that number or quantity of specimens shown; and in no case can any other varieties than those named in the Schedule be in the stand.

3. When only one prize is offered for any article, only a single specimen or collection can be shown by one person; but when

a second, third, or fourth prize is offered, two, three, or four specimens or collections may be exhibited, but no variety can be duplicated.

4. All persons exhibiting Plants, Flowers, and Fruits, *who desire reports of the same*, must hand lists to the Chairmen of the respective Committees.

5. After the articles are arranged, they will be under the exclusive charge of the Committees, and *not even the owners* will have liberty to *remove* or *touch* them, until the exhibition is closed, when they will be delivered as the contributors may direct.

6. No Flowers or Fruits will be entitled to a prize unless they possess points of superiority.

7. Competitors will be required to furnish information as to their modes of cultivation, and to present specimens for trial and examination if necessary.

8. No cards of a business nature will be allowed in any exhibition.

9. In awarding Premiums for Fruits, adaptation to general cultivation will be deemed indispensable.

10. Attention is called to the Special Rules for Flowers and Fruits, and all articles not offered in conformity to the Rules will be disqualified, and Prizes will be awarded only to exhibitors who have complied with the Rules and Regulations.

11. It is understood that all persons placing any article in any exhibition thereby signify their assent to all the Rules and Regulations, General and Special.

Special Rules for Fruits.

1. All Fruits offered for Premiums must be correctly named. Indefinite appellations, such as "Pippin," "Sweeting," "Greening," etc., will not be considered as names.

2. All Fruits offered for Premiums must be composed of exactly the number of specimens or quantity named in the Schedule. A "dish" of Apples, Pears, Peaches, Plums, Nectarines, Quinces, Figs, Apricots, etc., is understood to contain twelve specimens, and this number will be required of all Fruits when not otherwise specified.

3. The whole quantity required of any one variety of Fruit must be shown in a single dish or basket.

4. Contributors of Fruits for Exhibition or Prizes, must present the same in the Society's dishes. Market baskets will not be allowed on the tables.

5. No person can compete for more than one Prize with the same variety, or varieties, of Fruit; except that a single dish may

be of the same variety,—but not the same specimens,—as one of a collection.

6. Grapes grown on girdled vines cannot compete for a Premium.

7. All Fruits offered for Prizes, except when otherwise stated and those for foreign Grapes, must be of out-door culture.

8. The Fruit Committee, in making their awards, will consider the flavor, beauty, and size of the specimens, comparing each of these properties with a fair standard of the variety. The adaptation of the variety to general cultivation will also be taken into account. Other things being equal, specimens most nearly in perfection, as regards ripeness, will have the preference.

Special Rules for Flowers and Plants.

1. All named varieties of Plants or Flowers exhibited for premiums, must have the name *legibly* and correctly written on stiff card, wood, or some other permanent substance; and each separate plant or flower must have its name attached.

2. Plants in Pots, to be entitled to Prizes, must evince skilful culture in the profusion of bloom, and the beauty, symmetry, and vigor of the specimens.

3. No person can compete for any Prize for a single specimen, with a variety shown in a collection.

4. When prizes are offered for the same flower in different classes, any person may exhibit in more than one class, but no variety can be duplicated.

5. All exhibitors, not strictly complying with the above rules, will be excluded from competition for Premium.
